

***Together We RIZE***  
Frequently Asked Questions  
2022

**Q) Are organizations that are incorporated outside of Massachusetts eligible to apply?**

A) Yes. RIZE Massachusetts Foundation (RIZE) is focused on ending the overdose crisis in Massachusetts. Organizations incorporated in other states may apply, though preference will be given to projects that serve Massachusetts residents, or that will broadly benefit or advance the field in ways that would be applicable to residents in Massachusetts.

**Q) Are you able to provide feedback about a proposal idea ahead of submission?**

A) No, we cannot provide feedback on proposal ideas for this opportunity.

**Q) Can an organization submit more than one application.**

A) Yes, although we will not award more than one grant per organization.

**Q) If my organization is a current RIZE grantee, are we eligible to apply for a continuation grant through this program?**

A) Yes. Current RIZE grantees are eligible to apply. All applications for Together We RIZE will be reviewed using the same process and criteria and will not be considered a continuation of a different RIZE grant program.
